STRATEGIC PLAN AND DEPLOYMENT

The Institutional Strategic/Perspective Plan for Govt. G.L. Dogra Memorial Degree College, Hiranagar, aimed to enhance the academic environment and promote innovation while ensuring holistic development for both students and faculty. Central to this plan was fostering a culture of creativity through resources and support for innovative initiatives. The college hosted impact lecture sessions in May 2024 with experts from institutions like SMVDU and Punjab University to inspire engagement in innovative practices. Collaboration with other institutions was prioritized, particularly through the Institutional Innovation Council (IIC), FICCI FLO to facilitate knowledge exchange and joint projects. The College has sent a detailed DPR for Volleyball Court to PWD, which has been successfully completed and students are taking advantage of this opportunity.

Infrastructure development was also a focus, with plans to modernize classrooms and laboratories, alongside investments in digital tools to enhance teaching methodologies. The curriculum was aligned with the National Education Policy (NEP) 2020 to promote interdisciplinary approaches and skill development. Additionally, a Grievances Redressal Committee was established to ensure an inclusive environment, and community engagement was encouraged through National Service Scheme (NSS) activities, such as cleanliness drives, voter awareness camps, and awareness campaigns on health and education.

Regular monitoring and evaluation were conducted through quarterly review meetings to assess the effectiveness of strategies and gather feedback from stakeholders. Through these measures, the college aimed to create a vibrant educational environment that fostered growth, creativity, and social responsibility, ultimately preparing students for future challenges.
